Meet the team

ANAS AL HARIRI

Equipment Inspector

I joined Ritchie Bros. in 2008 as yard staff and in 2015 I became a Heavy Equipment Inspector. I start the day by going over the assigned inspection inventory I have for that day, I prepare the software and my gear, and head out either to our Jebel Ali yard, or when needed I do an inspection at the customer's location. When the inspection is done, I upload a complete report in the system, so potential buyers have all the information they need.

If you want to take advantage of Ritchie Bros.' services to achieve the best selling price, I have a tip for you: after you have signed a contract to consign your machines, it is crucial to deliver your items to our yard early, as this will give us a chance to conduct all necessary inspections and upload the information to our website early on. This will increase the visibility of your assets on our platforms and will get you maximum global exposure.
