Meet the team

EMILIO CEBALLOS

Territory Manager

I started at Ritchie Bros. in June 2019. I have been working as a TM for about a year and a half. I cover the south of Spain: western Andalusia, including also Malaga and Extremadura.

At Ritchie Bros. you don't have time to get bored. There are a lot of clients. As the auction gets closer, the level goes up. A day at Ritchie Bros. can be summed up in miles, many trips, and many customers. Also, there is an important part of organization. For example, I dedicate Mondays to organize the rest of the week to practically go shooting the following days.

Ritchie Bros. is the first company I work for where we have nothing. Let me explain: I come from the world of renting and there – at least – I had a car, I had a product. We have nothing here at Ritchie Bros. but a sale guarantee service. Basically, I believe that Ritchie Bros. is one of the few companies in which the customer receives service in a different way: you are a fantastic channel for them to lose excess weight quickly when they have to. Many clients have thanked us that their companies are open today, thanks to Ritchie Bros. so for me, Ritchie Bros. is a company like no other.

Remu Oy and Ritchie Bros. co-operate in charity auction

FOR WAR-AFFECTED UKRAINE

REMU EX140 | 2022 screening bucket
16t or heavier excavators
bucket volume 0,9 m3 (ISO)
weight 1400 kg
screening blade with 34mm blade spacing

Finnish manufacturing company Remu Oy and Ritchie Bros. join forces by conducting a charity auction for Ukraine, which is suffering from the war.

"The fate of the Ukrainians touches us all deeply and as a company, we also want to do something concrete to help. The damage in the region is already considerable at this stage and the need for assistance will continue for a long time. When the idea for the auction came about, it was a pleasure to see that Ritchie Bros. also took this opportunity right away, and this way we can together create something meaningful," says Hanna Rissanen, Marketing Director and Owner of Remu.

"Hopefully, our example will inspire others in construction industry to take a similar action. We cannot do much on our own, but if an entire industry joins in donating, the impact can be considerable," Rissanen continues, thus challenging the construction industry to join the effort."

Tomi Keskinen, Area Manager at Mascus/Ritchie Bros. adds to this: "Great initiative from our customer Remu for a good cause. We're happy to support this charity for the people of Ukraine and mobilize the bidders of our Moerdijk auction to generate proceeds with this beautiful screening bucket."

This is what we do: Remu Oy will donate the proceeds from the sale of EX 140 screening bucket to the Red Cross Disaster Fund to help the Ukrainians. The proceeds of the auction after tax will be donated in full to the Red Cross Disaster Fund, from which the aid will be channeled to Ukrainians. The Finnish Red Cross cooperates with Red Cross in Ukraine and neighboring countries. The Red Cross has been present in Ukraine since before the outbreak of the war and is well equipped to deliver aid where it is most needed.
